Monyozela Projects

Community based projects in sport & creativity

Update about, Ibhola project, Kids club & After school club

Finally a new message from Monyozela Projects. Our excuses for the delay!

Whit increasing costumers ad the lodge & private circumstances we could not find the time.

First of all we would like to thank all our sponsors & supporters for the generous donations & support!

Due to all your effort we make a lot of children smile each week!

Update:

Ibhola

With lots of sadness we have to pronounce that the Ibhola Project has stopped, the children lost their interest.

We are currently busy to find a good place for all the shoes & clothing we have received from our sponsors for Ibhola Project.

The Kids Club we started very promising, but unfortunately, this was for short terms.

Due to time shortness & volunteers we were unable to restart this project.

You can follow us on facebook.

Good news!!

The After school club is still going like a train! Each week we are received with great enthusiasm at the L. Bodasing school.

Over the past year we have been done lots of activities, arts & crafts.

With the generous help from Breunis Kuijsten we had the opportunity to organise outside game's on the sport field of the L. Bodasing school. For several times. The children really loved this.

In December, during the graduation day we gave all the children a bag with sweets.

With great joy we pronouns that for the 2012 school year 50 children have signed up for this years After School Club.

In our harts we still want to increase the projects for our community, but are dependent of volunteers.
